

Barcamp Bangkok 2015

What is Barcamp?

- Barcamp is not a lecture, not a presentation, not a seminar.
- Barcamp is a conversation. The whole idea is to get smart people that love technology together to start talking and see where the conversation goes.
- We don't even have a firm agenda!

How did Barcamp Bangkok started?

- Barcamp Bangkok started back in 2006/2007 when local geeks grouped up to drink beer with @noneck.
- From there, several geeks set out to organize the event, there have been 4 Barcamp Bangkoks so far:
 - Barcamp Bangkok 1 – January 26th, 2008 at Indus Restaurant
 - Barcamp Bangkok 2 – August 30th-31st, 2008 at Chulalongkorn University
 - Barcamp Bangkok 3 - May 23rd-24th, 2009 at Sripatum University
 - Barcamp Bangkok 4 – October 23rd-24th, 2010 at Sripatum University
 - Barcamp Bangkok 5 - August 23rd, 2014 at TK Park
